LETTER OF INTENT

January 6, 2015

Dan Buckshi, County Administrative Officer
County of San Luis Obispo
1055 Monterey Street
San Luis Obispo, CA 93408

Dear Mr. Buckshi:

It is the City of San Luis Obispo's intent to participate in the County Parcel Data Acquisition and Mapping project for the purpose of acquiring and mapping countywide parcels in a geographic information systems (GIS) format. Once the project is completed, the GIS data will be made available to the City at no additional charge and will include Assessor attributes such as ownership, address, property value, among others. The City understands that the County intends to update the parcel data on a regular basis.

The City understands that the cost for participation is *$36,369.64* and that this amount will be made as either a one-time payment, or 3 installments in the amount of *$12,123.22* annually. The annual payments will be due August 1 of each year beginning in 2015.

It is understood that the City's approval is required before our participation in this project is confirmed. It is further understood that Desiree Ramos, GIS Program Manager, 805-781-1571, dramos@co.slo.ca.us, will be the ongoing County contact for this project.

Sincerely,

Signature	David Yun Print Name
