Dear San Luis Obispo Supervisors
I am writing to ask you to
help stop the oil trains
from coming pasx my school!
and there is a lot of
dangerous cargo in these
trains and if it fails it
will be a big fire
then people will die and
we don't want to
people to die and that
is a bad thing so
plese stop oil for coming
over here.

Sincerely, Daniel

Dear San Luis Obispo Supervisors
I am writing to you
to stop the oil
cars because it can
blow up and it
can turn into a
fireball and I don't
want our school
to blow up near
our school and it
can probably kill
hundred even thousands
please stop the trains
so the accidents stop.

Sincerely, Jesse

Adan Jan 26, 2016

I am writing to ask you to help stop the oil trains from coming past my school they are sending 80 oil cars and they have 30,000 oil in each one that is bad. If that explode again the fire ball can hit a tree, house, people and that can cause a bad thing and it is bad putting oil in the ocean that can kill animals

1/26/16

Dear San Luis Obispo Supervisors,

I am writing to ask you to help Stop the Oil trains from coming past my School. I found out that trains can have 2,400,000 gas that they have in the trains. There was one train the was coming from north decota and it was going to Virgina, But it blue up in West virgina, When it blue up it was dumpt in gens river. It was ninteen cars long. It cause a Big explortions.

In popular places can have a big mess of things blowing up. Some things I know is that it travels for a long time and Sometimes it dosn't Stop.

Sincerly,

Kyleeka

Tuesday 26/2016 Valeria

Dear San Luis Obispo Supervisors,

I am writing to asks you to please stop oil trains from pasing to our school. It is very important to stop them becouse you never now. They might all explode next to our school. They also might kill people it is very important to stop it becouse they are homes and kid and adults that dont want to be by a fire ball. So please dont let them pass through our school becouse the trains pass right next to our field becouse some kid might be outside. So please dont let them pass. Its very scary you never know if the might fall into our school. Thinls about other people it is very important. The might create oil spillis.

Sincerely,
Valeria Velasco

Dear, San Luis obispo Country.

[redacted],

What I think It's
Very dangerous because
those trains are very
Bad because they explote
and they distroy houses,
Schools, bank's, barn's,
alot of think's more
Some people die
because the oil
is Bad if they
bring 80 of those
trains are bad and
they could explote our
Planet.
