

**IN THE BOARD OF SUPERVISORS
COUNTY OF SAN LUIS OBISPO, STATE OF CALIFORNIA**

PRESENT: Supervisors _____ day _____, 2012

ABSENT:

**RESOLUTION NO.
RESOLUTION PROCLAIMING MAY 15, 2012 AS “VIRAL HEPATITIS
AWARENESS DAY” IN SAN LUIS OBISPO COUNTY**

The following resolution is hereby offered and read:

WHEREAS, hepatitis B and hepatitis C are the leading causes of primary liver cancer, one of the most deadly forms of cancer; and

WHEREAS, hepatitis C is the most prevalent blood borne disease in the United States and in the State of California; and

WHEREAS, early detection of hepatitis B or hepatitis C infection promotes effective management or treatment of these infections, preventing disability, loss of productivity and income, and allow persons to live full, satisfying and productive lives; and

WHEREAS, the majority of California residents with chronic hepatitis C infection and hepatitis B infection do not know they are infected and are, therefore, at a higher risk of severe liver disease, liver cancer, or liver failure; and

WHEREAS, untreated hepatitis B and hepatitis C are leading causes of liver failure requiring a liver transplant; and

WHEREAS, there is a vaccine for the prevention of hepatitis B, which is the first proven, low-cost vaccination against any form of cancer made available to Americans; and

WHEREAS, the cost of hospitalizations for hepatitis B and hepatitis C related liver cancer, liver disease and liver transplantation in 2010 exceeded \$2 billion in California, most of which was paid for by tax-supported, public health insurers; and

WHEREAS, experts estimate that the annual medical costs for treating Americans with chronic hepatitis C infection are expected to increase more than 2.5 times, from \$30 billion to more than \$85 billion over the next 20 years; and

WHEREAS, hepatitis awareness education campaigns and accessible screening for hepatitis B and hepatitis C, along with appropriate treatment, can reduce the financial, as well as physical and emotional, damage from hepatitis B and hepatitis C viral infections to individuals and to our community; and

WHEREAS, the SLO Hep C Project has enrolled clients in their supportive service program who are living with hepatitis C, providing over 8,660 face-to-face case management activities and 176,395 meals from their pantry.

NOW THEREFORE BE IT RESOLVED, that the Board of Supervisors, County of San Luis Obispo, State of California hereby declares the May 15, 2012 to be “Viral Hepatitis Awareness Day” in San Luis Obispo County.

Upon motion of Supervisor _____, seconded by Supervisor
, and on the following roll call vote, to wit:
