The YMCA is a non-profit organization with goals of providing value-based recreational programs to help build strong kids, families and therefore, strong communities. Over 4,500 individuals participate in an array of YMCA programs and activities throughout the County. Everyone is welcome at the SLO County YMCA regardless of age, gender, background or ability to pay as financial assistance is available. The YMCA is acting as fiscal agent for the John W. Callahan Heart Safe Project. This goal of the project is to build awareness, education and access to automated external defibrillators (AEDs) throughout the County. AEDs provide potential life saving measures to residents and/or visitors who may suffer sudden cardiac arrest at the facilities. It is anticipated that AEDs will be placed at businesses, athletic fields, golf courses, and schools in each supervisorial district throughout the County. The Callahan Heart Safe Project will oversee the placement and maintenance, as well as training, of the AEDs.

The \$8,700 in County funds will be to offset the cost of purchasing five (5) AEDs for placement in each supervisorial district in the County at various locations as noted above. Each AED cost \$1,664 which includes the unit, alarmed wall cabinet, and MasterTrak software licensing.
