13FEB26-C-5

County of San Luis Obispo

TO: Board of Supervisors

FROM: Public Works
Joseph Whalen, Resident Engineer
Don Spagnolo, Project Manager

VIA: Dave Flynn, Deputy Director of Public Works

DATE: 2/26/2013

SUBJECT: Submittal of a resolution authorizing execution of notice of completion and acceptance for the 2012 Asphalt Overlay project on Nacimiento Lake Drive, near Paso Robles. District 1.

RECOMMENDATION

It is our recommendation that your Honorable Board adopt the attached resolution, which authorizes the execution of a Notice of Completion and Acceptance of the Construction of 2012 Asphalt Overlay project on Nacimiento Lake Drive, near Paso Robles. Contract No. 300467.

DISCUSSION

Nacimiento Lake Drive serves as a key arterial route in the North County area.

This contract provided for a pavement overlay on Nacimiento Lake Drive from Chimney Rock Road northerly approximately three miles, as well as an additional 0.6 miles segment near the entrance to Heritage Ranch. The road was confirmed for overlay through the County's Pavement Management System and on-site inspection. This work is necessary to halt further deterioration of the pavement and improve safety and operation.

Work on the project started October 1, 2012, and was substantially completed on December 28, 2012.

By taking the recommended action, your board will cause the legal notice of completion for this construction contract to be recorded, and start the period of time during which liens can be filed by subcontractors against the prime contractor.

OTHER AGENCY INVOLVEMENT/IMPACT

Various utility companies were contacted in consideration of project impacts to their facilities. The County Clerk formally processed the bid openings. The Heritage Ranch and Oak Shores Home Owners Associations were advised of the construction work.

During construction, AT&T Communications contracted with MGE Underground to repair/relocate an existing telephone line.

FINANCIAL CONSIDERATIONS

This is a multi-year project in the Roads Fund budget at \$1,544,455 - WBS 300467 for Asphalt Overlay Program installation. Now that the project is complete, the total project costs are estimated at \$1,334,117. Funding for this project is from Proposition 1B, in the amount of \$1,100,000 and the Roads Fund Pavement Management Program, in the amount of \$234,117. No budget adjustment is necessary.

A final report of actual project costs will be filed with the Clerk after any and all claims, disputes and adjustments have been resolved. We do not anticipate the final project cost to differ materially from the current estimated total. Five percent (5%) of total contractor payments are held by the County and released only after meeting the legal holding period after the Notice of Completion is filed.

Please see Exhibit "A" for an estimated cost breakdown of the project.

RESULTS

The immediate results of the construction of this project has aided in the preservation of this road and improved the safety of the motoring public. Adoption of the resolution meets the legal requirement to notice parties of pending closure of this project. This, in turn, will result in a safer, more livable and well governed community.

c: Dave O'Halloran, Construction Engineer
