SUBJECT: Submittal of a resolution to levy assessment for Flood Control Zone 16 (Nipomo, San Miguel, and Shandon Areas). Districts 1 and 4.

RECOMMENDATION

It is our recommendation that your Honorable Board:

1. Approve the attached resolution levying the assessment; and
2. Direct the Clerk to file the approved resolution with the County Auditor no later than August 10, 2013.

DISCUSSION

The benefit assessment pays for the flood control and landscape maintenance in and around the drainage basins of various subdivision tracts in the Nipomo, San Miguel and Shandon areas. The proposed assessment will be levied against the parcels within the zone. The rate has been the same since the district was formed in 1981 for properties on Exhibit "A." The current rate was in effect when Proposition 218 was passed. No vote on these assessments is required unless the rate is to be increased.

Over the past ten years, Flood Control Zone 16 has been expanded through successful assessment district votes as follows:

- Tracts 2299, 2346, and 2409 in Nipomo; added April 23, 2002.
- COAL 90-058, Mission Heights, San Miguel; added January 6, 2004.
- DOI0256P parcel (part of Tract 1661) in Nipomo; added May 20, 2003.
- Tract 2530 in Nipomo; added June 22, 2004.
- Tract 2494 in Nipomo; added December 20, 2005.
- COAL 06-0085 in Nipomo; added January 23, 2007.
- Tract 2684 in Nipomo; added March 13, 2007.

The assessments in Exhibit "B" are automatically increased on June 30th each year by an amount determined by the average of the Consumer Price index (for all items) for San Francisco/Oakland/San Jose and for Los Angeles/Anaheim and Riverside.

OTHER AGENCY INVOLVEMENT/IMPACT

Tax Collector collects the charges on the tax roll, Auditor-Controller places the charges on the tax-roll and County Counsel has approved the resolution as to form and effect. The County Clerk will file the Resolution with the Auditor/Controller.

FINANCIAL CONSIDERATIONS

Section 13 of the San Luis Obispo County Flood Control Act 7205 allows for the recovery of costs associated with maintaining, or improving the drainage basins of the various tracts within the zone. This revenue of approximately \$37,200 is included in the proposed Flood Control Zone 16 budget for 2013-14 and other than interest is the sole source of revenue for the district.

RESULTS

Approximately \$37,200 will be added to the property tax bills of the parcels in Flood Control Zone 16 for 2013-14. This revenue will be used to finance drainage services within the district. This is necessary for maintaining a desirable level of health and safety for the community, and therefore maintains the quality of life, for those in the district.
