

To: SAN LUIS OBISPO COUNTY BOARD OF SUPERVISORS

Via: SAN LUIS OBISPO COUNTY RECORDER

From: Doug Rion, SAN LUIS OBISPO COUNTY SURVEYOR

Date: September 17, 2013

SUBJECT: Parcel Map CO 06-0046

The County Surveyor does hereby recommend approval of the Recorder's request to rescind the Board of Supervisor's August 6, 2013 approval of Parcel Map CO-06-0046 and also does hereby recommend that your Board re-approve the map today.

Subsequent to the County Surveyor's August 1, 2013 certification of the map and the passing of the 10 day period of time for recording, an updated Subdivision Guarantee was presented to the Recorder which contained reference to a new road and slope easement affecting the subject property which recorded on July 16, 2013. That easement was not shown on the map presented to your Board on August 6. That easement has now been added to the map, the County Surveyor has re-certified the map and does now hereby recommend the Board re-approve Parcel Map CO 06-0046.
