# County of San Luis Obispo

TO: Board of Supervisors

FROM: Public Works  
Scott Wetmore, Resident Engineer  
Don Spagnolo, Project Manager

VIA: Dave Flynn, Deputy Director of Public Works

DATE: 3/4/2014

SUBJECT: Submittal of a resolution authorizing execution of notice of completion and acceptance for the Asphalt Overlay 2013, Ramada Drive and El Pomar Drive, southeast of Paso Robles and east of Templeton. District 1.

## **RECOMMENDATION**

It is recommended that the Board adopt the attached resolution which authorizes the execution and acceptance of a notice of completion for the construction of the Asphalt Overlay 2013, Ramada Drive and El Pomar Drive, San Luis Obispo County, Contract No. 300482.

## **DISCUSSION**

### Project Background Information

The Project provided asphalt paving overlay on .97 miles of Ramada Drive from Marquita Avenue to the Paso Robles city limit and 3.75 miles of El Pomar Drive from Almond Drive to Cripple Creek Road, east of Templeton.

The construction included installing a new concrete cross gutter with curb ramp, preparing roadway surfaces and shoulders, embankment construction and repairing of failed pavement areas, placing an asphalt leveling course on El Pomar Drive for a smoother road prior to the overlay.

The project was awarded by your Board on August 13, 2013, to the lowest responsible bidder, Papich Construction Company Inc., in the amount of \$1,514,284.

## **OTHER AGENCY INVOLVEMENT/IMPACT**

Various utility companies were contacted in consideration of project impacts to their facilities.

An encroachment permit (#0513NTK0323) was obtained from Caltrans to place construction area signs, and portable changeable message signs within their right-of-way at the Route 46W / 101 Interchange. Caltrans was notified of completion.

## **FINANCIAL CONSIDERATIONS**

This is a multi-year project in the Roads Fund FY 2013/14 budget at \$1,962,744 – WBS 300482 – 2012/13 A/C Overlay. The total project costs are estimated at \$1,726,696. Funding for the project will come from the Road Fund Pavement Management Program.

Estimated cost savings of \$236,048 are a result of less asphalt materials utilized and will be applied to Pavement Management Program FY 2013/14. No budget adjustment is necessary.

A final report of actual project costs will be filed with the clerk after any and all claims, disputes and adjustments have been resolved. We do not anticipate the final project cost to differ materially from the current estimated total. Five percent (5%) of total contractor payments are held by the County and released only after meeting the legal holding period after the Notice of Completion is filed.

Please see Exhibit “A” for an estimated cost breakdown of the project.

## **RESULTS**

By taking the recommended action, your Board will cause the legal notice of completion for this construction contract to be recorded, and start the period of time during which liens can be filed by subcontractors against the prime contractor. This provides for a well-governed community.
