TO GRANT OFFSET CLEARANCES UNDER ORDINANCE NO. 3246

The following resolution is now hereby offered and read:

WHEREAS, Ordinance No. 3246 became effective on August 27, 2013 and imposed new legal limitations and prohibitions on new development in rural portions of the Paso Robles Groundwater Basin of the County that were previously not required by County ordinance; and

WHEREAS, Resolution 2014-56 was adopted by the Board on February 25, 2014, and set forth in detail the Approved County Water Conservation Program described in Ordinance No. 3246; and

WHEREAS, Paragraph 8 of Resolution 2014-56 mistakenly references "...180 gallons per day of outdoor water use". This was a typographical error and should read 170 gallons per day of outdoor water use.

NOW THEREFORE, BE IT RESOLVED AND ORDERED by the Board of Supervisors of the County of San Luis Obispo, State of California, in a regular meeting assembled on the 8th day of July, 2014, that:

8. A landscape plan for the entire property is required as part of the building permit application process for each new residential and commercial use. The landscape plan shall show the extent and type of landscaping on the site. The total offset amount in paragraph 7 above is based on a total landscape area of 1,000 square feet, with no more than 10% of that area to be planted with turf grass, and represents a maximum of ~~180~~ 170 gallons per day of outdoor water use. If additional landscaping or outdoor water use is proposed, additional
