

EXHIBIT B - CONDITIONS OF APPROVAL

Approved Development

1. This approval authorizes a Minor Use Permit / Coastal Development Permit to allow for the construction of a 188 square foot addition and remodel to an existing kitchen on the ground level of an existing 1,733 square foot two story residence, and 316 square feet of roof deck constructed above the kitchen addition, and the addition of approximately 50 square feet to the existing second story deck located at the front of the residence (southwest corner). The project will result in the disturbance of approximately 375 square feet of a 3,500 square foot lot.
2. Maximum height is 28 feet (as measured from average natural grade).

Conditions required to be completed at the time of application for construction permits

3. **At the time of application for construction permits**, all project conditions shall be clearly printed on the plans and construction documents shall be consistent with the currently adopted California Codes.
4. **At the time of application for construction permits** all plans and engineering shall be prepared by a California Licensed Architect of Record or Engineer for all design portions of the project that do not meet "conventional construction" as defined by the current building code.
5. **At the time of application for construction permits**, the project is subject to the California State Title 24 energy laws.

Transfer of Development Credits (TDCs)

6. **Prior to issuance of construction permits**, the applicant shall provide written verification from the Land Conservancy of San Luis Obispo County that 300 square feet of Gross Structural Area has been transferred from a parcel within a special project area to the subject property.

Site Development

7. **At the time of application for construction permits**, plans submitted shall show all development consistent with the approved site plan, floor plan and architectural elevations.
8. **At the time of application for construction permits**, the applicant shall provide details on any proposed exterior lighting, if applicable. The details shall include the height, location, and intensity of all exterior lighting. All lighting fixtures shall be shielded so that neither the lamp nor the related reflector interior surface is visible from adjacent properties. Light hoods shall be dark colored.

Grading, Drainage, Sedimentation and Erosion Control

9. **At the time of application for construction permits**, the applicant shall submit a drainage plan for review and approval by the County Department of Public Works. Drainage plans shall be designed to retain water on-site and encourage infiltration when feasible. Natural drainage patterns should be retained and remediated if retention is infeasible on-site.

10. If grading is to occur between October 15 and April 15, a, erosion and sedimentation control plan shall be submitted pursuant to Coastal Zone Land Use Ordinance Section 23.05.036.
11. **At the time of application for construction permits**, the project may require a full soils report for the design of all building foundations at the time of construction permit application submittal.
12. Whether or not a separate grading permit is required, the project shall conform to the "National Pollutant Discharge Elimination System" storm water management program regulations.

Fire Safety

13. **At the time of application for construction permits**, all plans submitted to the Department of Planning and Building shall meet the fire and life safety requirements of the California Fire Code. Requirements shall include, but not be limited to those outlined in the Fire Safety Plan, as prepared by the Cambria CSD Fire Department for this proposed project, dated April 1, 2014.

Services

14. **At the time of application for construction permits**, the applicant shall submit confirmation that the Cambria Community Services District has issued a Water & Sewer Availability letter for the project.

Conditions to be completed prior to issuance of a construction permit

Fees

15. **Prior to issuance of a construction permit**, the applicant shall pay all applicable school and public facilities fees.

Conditions to be completed during project construction

Drainage, Sedimentation and Erosion Control

16. All runoff from impervious surfaces such as roofs, driveways, walks, patios, decks, shall be collected and detained on-site, or passed on through an effective erosion control device or drainage system approved by the County Engineer.
17. Permanent erosion control devices shall be installed prior to or concurrently with on-site grading activities.
18. Grading, filling or site disturbance of existing soil and vegetation shall be limited to the minimum areas necessary.
19. Stockpiles and other disturbed soils shall be protected from rain and erosion by plastic sheets or other covering.
20. All areas disturbed by grading activities shall be revegetated with temporary or permanent erosion control devices in place.

Archaeology

21. In the event archaeological resources are unearthed or discovered during any construction activities, the following standards apply:
 - A. Construction activities shall cease and the Environmental Coordinator and Planning Department shall be notified so that the extent and location of discovered materials may be recorded by a qualified archaeologist, and disposition of artifacts may be accomplished in accordance with state and federal law.
 - B. In the event archaeological resources are found to include human remains, or in any other case where human remains are discovered during construction, the County Coroner is to be notified in addition to the Planning Department and Environmental Coordinator so that proper disposition may be accomplished.

Conditions to be completed prior to occupancy or final building inspection

Fire Protection

22. **Prior to occupancy or final inspection**, whichever occurs first, the applicant shall obtain final inspection and approval from Cambria Community Services District Fire Department of all required fire/life safety measures.

Cambria Community Services District

23. The applicant shall submit for final plumbing inspection upon completion of the project.
24. **Prior to final inspection**, the applicant shall submit to the Department of Planning and Building a water and sewer service condition compliance letter from the Cambria Community Services District.

Building Review

25. **Prior to occupancy of the residential addition associated with this approval**, the applicant shall contact the Department of Planning and Building to have the site inspected for compliance with the conditions of this approval.
26. **Prior to occupancy or final inspection**, lighting compliant with Condition #8 shall be installed, and:
 - A. All light fixtures, including security lighting, shall be aimed and shielded so that the direct illumination shall be confined to the property boundaries source. Particular care is to be taken to assure that the direct illumination does not fall onto or across any public or private street or road. Motion sensing light fixtures shall be fully shielded and properly adjusted, according to the manufacturer's instructions, to turn off when detected motion ceases.
 - B. All light fixtures are required to be fully shielded.

On-going conditions of approval (valid for the life of the project)

27. This land use permit is valid for a period of 24 months from its effective date unless time extensions are granted pursuant to Land Use Ordinance Section 23.02.050 or the land use permit is considered vested. This land use permit is considered to be vested once a construction permit has been issued and substantial site work has been completed. Substantial site work is defined by Land Use Ordinance Section 23.02.042 as site work

ATTACHMENT 2

progressed beyond grading and completion of structural foundations; and construction is occurring above grade.

28. All conditions of this approval shall be strictly adhered to, within the time frames specified, and in an on-going manner for the life of the project. Failure to comply with these conditions of approval may result in an immediate enforcement action by the Department of Planning and Building. If it is determined that violation(s) of these conditions of approval have occurred, or are occurring, this approval may be revoked pursuant to Section 23.10.160 of the Land Use Ordinance.
