LAND USE PLANNING EXPERIENCE

Consulting experiences include a wide variety of services to various public and private clients. Through Willdan Associates and Cannon Associates served as interim director of planning for the Cities of Solvang and Azusa and augmented staff for Simi Valley, Morro Bay, Pismo Beach and Arroyo Grande.

Planning Consultant

1992 - Present

- City of Solvang: Supervised planning functions and staff, processed development applications, prepared long range planning reports and drafted an ordinance;

involved interfacing with developers and the Architectural Committee, Planning Commission and City Council.

- City of Azusa: Supervised planning functions and staff; included developing office procedures, making and monitoring staff assignments, drafting ordinance amendments and reviewing staff reports.
- SB Planning: Coordinated a project in San Luis Obispo County under Coastal Commission appeal.
- City of Simi Valley: Coordinated a special project for planners to input procedures; prepared application processing forms.
- Santa Ynez Community Services District: Prepared the environmental report for expansion of District wastewater service.
- Cities of Pismo Beach, Morro Bay and Arroyo Grande: Provided staff support by processing development applications and condition compliance reviews.
- Private Sector Clients: Projects included lot splits, lot line adjustment, rezoning, development plan and building permits; prepared road easements and water system agreements. Assisted neighborhood groups and homeowners associations in responding to proposed and approved developments.

Planning Agency Employment

- Santa Barbara County 1984-92
Planner, Development Review: Processed applications for various types of development projects; involved writing and presenting reports and interacting with several agencies and community groups. **Prepared A Water - Wastewater Infrastructure Analysis for Los Alamos.** As an exchange planner in 1988 with the Department of Planning, State of New South Wales, Australia, analyzed economic stimulus of new public buildings and prepared a second unit housing manual.
- City of Santa Maria 1998-84
Planner, Advance Planning: Responsibilities included writing ordinances and general plan amendments, compiling demographic and housing data, developing an annual report format, preparing research reports and conducting land use inventories.
- City of San Jose 1980-81
Planner, Current Planning: Responsibilities included preparing environmental documents and responding to zoning inquiries.
- County of Santa Clara 1979
Paid Intern: Wrote an energy impact study related to solar heating.
