Question or Comment	<p>I am writing to object to the Marijuana Dispensary that has been approved by the Planning Commission. This is not what Nipomo wants or needs. Law Enforcement and SCAC did not approve this for our community. Being retired law enforcement, we all know for any amount of money, one can get the paperwork to get "Medical" Marijuana. This type of business is just a stepping stone for more drug usage in our community. This company is not from here, why should they do business here.</p>

Question or Comment	<p>Dear Board, I just want to say that I am very disappointed with the Planning Commission's decision to approve the marijuana dispensary in Nipomo. I retired and moved to the Central Coast and have enjoyed its beauty and lack of traffic. I must say, I have been very disappointed with the liberal views in this county. In SLO, there is a no smoking law. Does that apply to marijuana or can a doctor give you a "handicap" card so you can smoke anywhere you want? I don't want to barbeque and smell the marijuana smoke coming from my neighbor's yard. There is no doubt, as liberal as most of your board is, you have smelled the raunchy odor. I didn't want to go as far as saying some of you have your own medical marijuana card (a little humor). In my 33 years in law enforcement, probably 99% of the people I have contacted saying they have a permit for medical marijuana or use marijuana is because of being stressed or need to be calm. They are also between the age of 18 and 24. These people</p>

haven't been alive long enough to be stressed. I should use marijuana based on the liberal decisions the planning commission and your board has made since I retired and moved to the central coast :) I believe the cause of their stress comes for poor or no parenting, If you are going to approve a dispensary, let's put it in down town in the same building as your offices or next door to your office where it can be centrally located in the county. If you don't want it there then it shouldn't be anywhere, but No, let's put it in an area that is as far south in the county that it takes the Sheriff's department a while to arrive in case a problem arises. I could go on with more negatives, but it would be rambling. I am asking that you please do not allow a dispensary anywhere in SLO county. Thank you. Sincerely, Ken
