

Attachment 2

EXHIBIT B - CONDITIONS OF APPROVAL DRC2014-00110 Avalos

Approved Development

1. This Minor Use Permit/Coastal Development Permit authorizes the construction of a 320 square-foot deck addition to an existing 357 square-foot deck on an existing single family residence.
2. The project will disturb 320 square feet of the 5,250 square-foot parcel.
3. Maximum height is 12' (as measured from average natural grade).

Conditions required to be completed at the time of application for construction or grading permit(s)

4. **At the time of application for construction permits**, all project conditions shall be clearly printed on the plans and construction documents shall be consistent with the currently adopted California Codes.
5. **At the time of application for construction permits**, all plans and engineering shall be prepared by a California Licensed Architect of Record or Engineer for all design portions of the project that do not meet "conventional construction" as defined by the current building code.

Transfer of Development Credits

6. **Prior to issuance of construction permits**, the applicant shall provide written verification from the Land Conservancy of San Luis Obispo County that 197 square feet of permeable deck area has been transferred from a parcel within a special project area to the subject property.

Site Development

7. **At the time of application for construction permits**, development shall be consistent with the approved site plan, floor plans, and architectural elevations.
8. **At the time of application for construction permits**, the applicant shall provide details on any proposed exterior lighting, if applicable. The details shall include the height, location, and intensity of all exterior lighting. All lighting fixtures, including security lighting, shall be aimed and shielded so that neither the lamp nor the related reflector interior surface is visible from adjacent properties. Light hoods shall be dark colored.

Grading, Drainage, Sedimentation and Erosion Control

9. **At the time of application for construction permits**, the applicant shall demonstrate whether the project is subject to the LUO Section for Stormwater Management. Applicable projects shall submit a Stormwater Control Plan (SWCP) prepared by an appropriately licensed professional to the County for review and approval. The SWCP shall incorporate appropriate BMP's, shall demonstrate compliance with the Stormwater Quality Standards and shall include a preliminary drainage plan, a preliminary erosion and sedimentation plan. The applicant shall submit complete drainage calculations for review and approval.

Attachment 2

10. **At the time of application for construction permits**, the applicant shall submit a complete drainage plan for review and approval, by the Public Works Department, in accordance with Section 23.05.040 through 23.05.050 of the Coastal Zone Land Use Ordinance. Drainage plans should be designed to retain water on-site and encourage infiltration when feasible. Natural drainage patterns should be retained and remediated if retention is infeasible on-site.
11. **At the time of application for construction permits**, the applicant shall submit a complete erosion and sedimentation control plan for review and approval in accordance with 23.05.036.
12. **Prior to issuance of construction permits**, if grading is to occur between October 15 and April 15, a sedimentation and erosion control plan shall be submitted pursuant to Coastal Zone Land Use Ordinance Section 23.05.036.
13. **At the time of application for construction permits**, the project shall conform to the "National Pollutant Discharge Elimination System" storm water management program regulations.

Services

14. **At the time of application for construction permits**, all plans submitted to the Department of Planning and Building shall meet the fire and life safety requirements of the California Fire Code. Requirements shall include, but not be limited to those outlined in the Fire Safety Plan prepared for the project by the Cambria Fire Department, dated March 18, 2015.

Conditions to be completed during project construction

Grading, Drainage, Sedimentation and Erosion Control

15. All runoff from impervious surfaces such as roofs, driveways, walks, patios, decks, shall be collected and detained on-site, or passed on through an effective erosion control device or drainage system approved by the County Engineer.
16. Permanent erosion control devices shall be installed prior to or concurrently with on-site grading activities.
17. Grading, filling or site disturbance of existing soil and vegetation shall be limited to the minimum areas necessary.
18. Stockpiles and other disturbed soils shall be protected from rain and erosion by plastic sheets or other covering.
19. All areas disturbed by grading activities shall be re-vegetated with temporary or permanent erosion control devices in place.
20. Appropriate sedimentation measures to be implemented at the end of each day's work.

Archaeology

21. **During construction**, in the event archaeological resources are unearthed or discovered, the following standards apply:
 - a. Construction activities shall cease and the Environmental Coordinator and Planning Department shall be notified so that the extent and location of discovered materials may be evaluated by a qualified archaeologist, and

Attachment 2

disposition of artifacts may be accomplished in accordance with state and federal law. The applicant shall implement the mitigation as required by the Environmental Coordinator.

- b. In the event archaeological resources are found to include human remains, or in any other case where human remains are discovered during construction, the County Coroner is to be notified in addition to the Planning Department and Environmental Coordinator so that proper disposition may be accomplished.

Conditions to be completed prior to occupancy or final building inspection /establishment of the use

Fire Protection

22. **Prior to occupancy or final inspection**, which ever occurs first, the applicant shall obtain final inspection and approval from Cambria Fire Department of all required fire/life safety measures.

Building Review

23. **Prior to occupancy of any structure associated with this approval**, the applicant shall contact the Department of Planning and Building to have the site inspected for compliance with the conditions of this approval.

On-going conditions of approval (valid for the life of the project)

Access

24. **On-going condition of approval (valid for the life of the project)**, and in accordance with County Code Section 13.08, no activities associated with this permit shall be allowed to occur within the public right-of-way including, but not limited to tree planting; fences; etc. without a valid Encroachment Permit issued by the Department of Public Works.

Drainage

25. **On-going condition of approval (valid for the life of the project)**, the project shall comply with the requirements of the National Pollutant Discharge Elimination System Phase I and/or Phase II storm water program and the County's Storm Water Pollution Control and Discharge Ordinance, Title 8, Section 8.68 et sec.

General

26. This land use permit is valid for a period of 24 months from its effective date unless time extensions are granted pursuant to Land Use Ordinance Section 23.02.050 or the land use permit is considered vested. This land use permit is considered to be vested once a construction permit has been issued and substantial site work has been completed. Substantial site work is defined by Coastal Zone Land Use Ordinance Section 23.02.042 as site work progressed beyond grading and completion of structural foundations; and construction is occurring above grade.
27. All conditions of this approval shall be strictly adhered to, within the time frames specified, and in an on-going manner for the life of the project. Failure to comply with these conditions of approval may result in an immediate enforcement action by the Department of Planning and Building. If it is determined that violation(s) of these conditions of approval have occurred or are occurring, this approval may be revoked pursuant to Coastal Zone Land Use Ordinance Section 23.10.160.
