

EXHIBIT B - CONDITIONS OF APPROVAL
DRC2015-00002 (Freepport-McMoRan)

Approved Development

1. This approval authorizes
 - a. Amending Condition #4 of D010386D to read as follows:
 4. At the end of the ~~ten~~ thirteen years, with a start date of August 9, 2005 and end date of August 9, 2018, any wells or steam generators not yet completed shall require review and approval of a new Conditional Use Permit.

Conditions required to be completed at the time of application for construction permits

Site Development

2. **Underground Injection Control Program. Prior to issuance of the notice to proceed for a Class II injection well**, the applicant shall provide a letter to County Planning and Building certifying that the zone the well is proposed to inject in to has been formally designated as an exempt aquifer by the USEPA. A copy of the certification that is provided to County Planning and Building shall be provided to DOGGR. In addition, the Applicant shall submit to County Planning and Building on an annual basis a letter that has the following.
 - a. Statement verifying that the oil field operator has conducted a UIC project review with DOGGR within the previous 12 months that evaluated well injection activity and injection pressures.
 - b. Documentation verifying that mechanical integrity testing of injection wells has been conducted on the prescribed schedule established by DOGGR within the past year.
 - c. The dates that any site visits were conducted by DOGGR to review the UIC program activities.

On-going conditions of approval (valid for the life of the project)

3. As shown in Exhibit C, with the exception of amended Condition #4, all other conditions of D010386 remain unchanged and are in full effect.
4. This land use permit is valid for a period of 24 months from its effective date unless time extensions are granted pursuant to Land Use Ordinance Section 22.64.070 or the land use permit is considered vested. This land use permit is considered to be vested once a construction permit has been issued and substantial site work has been completed. Substantial site work is defined by Land Use Ordinance Section 22.64.080 as site work progressed beyond grading and completion of structural foundations; and construction is occurring above grade.
5. All conditions of this approval run with the land and shall be strictly adhered to, within the time frames specified, and in an on-going manner for the life of the project. Failure to comply with these conditions of approval may result in an immediate enforcement action by the Department of Planning and Building. If it is determined that violation(s) of these conditions of approval have occurred, or are occurring, this approval may be revoked pursuant to Section 22.74.160 of the Land Use Ordinance.
