**PERPETUAL EASEMENT AGREEMENT  
JUAN BAUTISTA DE ANZA NATIONAL HISTORIC TRAIL**

THIS PERPETUAL EASEMENT AGREEMENT ("Agreement") is entered into by and among Robin L. Rossi, Trustee of the Robin L. Rossi Living Trust utd 10-19-90; Stephen Michael Rossi and Michele Marie Rossi, Trustees of the Stephen & Michele Rossi Revocable Trust dated May 16, 2004; and Paul G. Metchik and Donna J. Myers, Trustees of the 2003 Luke Roger Rossi Irrevocable Trust dated May 20, 2004, (collectively, "Rossi"), hereafter referred to as "Grantor," and the County of San Luis Obispo, a political subdivision of the State of California, hereafter referred to as "Grantee" or "County."

RECITALS:

- A. Rossi (or one or more of the constituents of Rossi) is the owner of certain real property situated in an unincorporated area of Santa Margarita, in San Luis Obispo County, California (hereafter referred to as the "Rossi Property" or the "Servient Tenement"), and more particularly described in Exhibits "A-1," and "A-2" which are attached to this Agreement and hereby incorporated by reference.
- B. Rossi and County desire to provide a community-serving recreation segment of the Juan Bautista de Anza National Historic Trail between Santa Margarita and Garden Farms (the "Trail").
- C. In 2010, County previously accepted an offer of dedication (Document #2003-090600, recorded in the Office of the San Luis Obispo County Recorder on August 12, 2003) from Rossi, Stephen Rossi and Michele Rossi, husband and wife, and Robin L. Rossi, custodian FBO Luke Roger Rossi, in the form of Document #2010-025557 recorded in the Office of the San Luis Obispo County Recorder on June 2, 2010, for the establishment of a portion of the Juan Bautista de Anza National Historic Trail (the "Original Offer of Dedication").
- D. Since the Original Offer of Dedication Trail dead ends, and does not connect to the community of Santa Margarita, Rossi has proposed, upon all the terms and conditions of this Agreement, to provide an additional trail easement over a 26 foot wide portion of the Rossi Property as more particularly described on Exhibit "B-1" and depicted on Exhibit "B-2," each of which are attached hereto and incorporated herein (collectively, the "Easement Area"). It is understood and acknowledged that the Rossi Property is part of a working landscape with various uses, thus, Grantor reserves the rights for utilities, gates and roads, at Grantor's sole cost and expense, for farming, ranching, and all existing and future uses, without exception, locations of which may vary from time to time. There are four (4) or

more current crossings existing at this time of this offer.

E. Concurrently with the grant of this new Easement, County will quitclaim back to the applicable owners: (i) the "dead end" portion of the Original Offer of Dedication as more particularly described on Exhibit "C-1" and depicted on Exhibit "C-2" and (ii) the original "Trail Staging Area," as more particularly described on Exhibit "C-3" and depicted on Exhibit "C-4," all of which exhibits are attached hereto and incorporated herein and both of which areas are hereinafter sometimes collectively, the "Quitclaim Area".

NOW, THEREFORE, the parties agree as follows:

1. Grant of Easement; Satisfaction of Condition. For valuable consideration, Grantor grants to Grantee a non-exclusive, perpetual easement (the "Easement") in, on and over the Easement Area, subject to all the limitations, terms and conditions of this Agreement. It is understood and acknowledged by the parties hereto that, although the Easement Area is described on Exhibits "B-1" and "B-2" attached, upon construction of improvements for the Trail, adjustments to the Easement Area will occur in the field, which shall be mutually agreed to by the parties. The parties agree that upon completion of construction of improvements to the Trail, the parties shall mutually execute, in recordable form, and record, a modification to this Agreement, which provides for a corrected legal description of the Easement Area (the "Modified Easement Area") and quitclaims back to Grantor (or his successor) any portion of the originally described Easement Area not included in the Modified Easement Area. The Department of Parks and Recreation Director or designee is authorized to execute, on behalf of the County, a modification to this Agreement consistent with this paragraph.

2. Character of Easement; Intent. The Easement is non-exclusive, in gross to the public, and the burdens run with the Servient Tenement.

3. Description of Easement. The purpose of the Easement granted is for use of the surface of the Easement Area only, as it may be improved from time to time, as a public multi-use trail (sometimes referred to herein as the "Trail") for the uses, and subject to the limitations, specified in Paragraph 4 below.

4. Public Uses and Restrictions of Easement. All sections of the Trail, including but not limited to the Easement Area, shall be open for public use daily between one-half hour prior to sunrise until one-half hour after sunset, or such other hours as otherwise established by County ordinance, for the following authorized purposes only and for no other uses except as specifically set forth in this Agreement: pedestrian use, bicycling and equestrian; provided, however, County reserves the right to access the Trail with motorized vehicles for the purposes of development, maintenance, emergency, and patrol of the Trail. Nothing contained in this Agreement shall give any member of the public the right to loiter in the Easement Area or enter any other portions of the Servient Tenement, except as may be specifically allowed by Grantor.

5. Secondary Easements. The Easement includes the following incidental rights:

A. The right of ingress and egress over and across the Easement Area for the installation, maintenance, repair and replacement of improvements.

B. The right of Grantee to ensure and maintain public access to the Easement Area.

In exercising these rights, Grantee must use reasonable care and may not unreasonably

increase the burden on the Servient Tenement or make any material changes to the Easement Area except as specified in this Agreement.

6. Non-Exclusive Easement; Reservation of Grantor's Rights; Right of Reversion.

A. Reservations in General. Grantor reserves all rights in connection with the Easement Area and any other easement areas offered under the Original Offer of Dedication not inconsistent with the purposes of this Agreement (and the Original Offer of Dedication), i.e., Trail for pedestrian, bicycle, and equestrian purposes. This Agreement, except as specifically otherwise set forth, imposes no restrictions on the current uses or any and all future uses (as they may change from time to time) of the Servient Tenement whether or not within the Easement Area, provided they do not materially interfere with the purposes of the grant of Easement or the Original Offer of Dedication.

B. Specific Reservations. More specifically, but not by way of limitation, Grantor reserves the following rights in connection with the Easement Area and any other easement area granted under the Original Offer of Dedication:

1) To construct, operate, maintain, repair and replace, at Grantor's sole cost, utility and drainage installations eleven (11) or more feet over and at varying depths beneath the surface, upon providing County advanced written notice of the location and nature of such utility or drainage installations. Said improvements shall be implemented in a manner consistent with the public's use of the Easement Area and any other easement area granted under the Original Offer of Dedication, and does not adversely impact the public's ability to use the trail. Land uses permitted or reserved to Grantor in this Agreement (including the installation of utilities and drainage installations) are subject to and require compliance with all applicable County ordinances and regulations, including those regulating land use.

2) The right of Grantor, Grantor's employees, invitees, contractors and tenants as pedestrians, or to use motorized vehicles, including but not limited to, heavy equipment, including that used for farming and ranching, over various points and crossings of the Easement Area as depicted on Exhibit "B-2" attached hereto and incorporated herein.

3) The right to cause the lawful removal, from any portion of the Servient Tenement, including the Easement Area, by appropriate private or public authorities, of any person whose presence on the Servient Tenement (including the Easement Area) is not allowed under this Agreement or whose conduct is offensive, a nuisance or potentially or actually harmful to other persons or to property, including but not limited to the right (but not the obligation), to close off or gate control access to the Easement Area, from one-half hour after sunset to one-half hour before sunrise.

4) The right to designate a name for the portion of the Trail located on the Servient Tenement which will be dedicated "In Memory of Jeffrey Douglas Filippini" and which dedication will be referred to on the signs to be implemented by County pursuant to Paragraph 12 A.

C. Reversion. In the event: (i) the improvements described in Paragraph 7.B. below are not completed within 10 years of the date of the Board of Supervisors Resolution accepting this Easement; (ii) the County does not approve a budget for perpetual maintenance of the Trail within 10 years of the date of the Board of Supervisors Resolution accepting this Easement; or (iii) the County abandons the Easement, the County will quitclaim the Easement to the then Fee Owner of the Servient Tenement for \$1.

4

7. Acceptance in Natural Condition; Installation and Maintenance of Improvements.

A. County accepts the Easement and the Easement Area, in the condition it exists as of the date of this Agreement.

B. County, at its sole cost and expense, shall be responsible for all installation, maintenance, repair and replacement of improvements in and along the boundaries of the Easement Area, including but not limited to all required fencing to a minimum of 5-wire cattle; except that Grantor shall share equally with County the costs of constructing and maintaining shared creek crossing(s) shown on Exhibit "B-2." The County's development of the improvements to the Easement Area, and opening for public use, is subject to the resources available to the County. The County anticipates such completion and opening within 10 years of the date of the Board of Supervisors Resolution accepting this Easement.

C. County, at its sole cost and expense, shall be responsible to conduct all environmental and planning studies and reviews reasonably necessary or required to implement the improvement of the Trail and the Easement Area; provided, however, County shall provide Grantor with a reasonable opportunity to participate in the preparation of the scope of any such study or review over any portion of the Servient Tenement. County shall provide Grantor with hard and digital copies of all such studies promptly after such studies are completed and final reports are received by County.

D. County shall maintain the Easement in a good and workmanlike manner and shall not allow the Easement to fall into disrepair.

E. County, if requested by Grantor, shall promptly have an authorized representative execute Internal Revenue Service Form 8283 acknowledging the grant contained herein.

8. Benefits and Burdens Run with the Land. The benefits and burdens of this Agreement run with the land and shall not be severed from the Servient Tenement.

9. Indemnification.

A. Except as may be solely caused by the negligence or willful acts of Grantor, County agrees to indemnify, defend, protect and save and hold harmless the Grantor, its affiliates, tenants, members, employees, agents, contractors, and officers from and against any claims, demands, damages, costs, losses, expenses, liens, judgments, penalties and attorney's fees in any way arising out of or related to the County's use of the Easement Area, including but not limited to:

- 1) A breach by County of the terms of this Agreement;
- 2) Property Damage or personal injury occurring to a member of the public enjoying the benefits of the Easement who would not have otherwise been authorized to be on the Servient Tenement but for this Easement Agreement;
- 3) The County's violation of law, including but not limited to, any environmental law (including but not limited to the Federal or California Endangered Species Acts); and
- 4) The negligence or willful misconduct of County, its employees, agents or the independent contractors of County directly responsible to County.

10. Insurance. County of San Luis Obispo is self insured. Grantor shall obtain and maintain for the entire term of the Agreement, insurance complying with the provisions of this paragraph. Said policies shall be issued by companies authorized to do business in the State of California. Grantor shall maintain said insurance in force at all times. The policy shall provide not less than single limit coverage applying to bodily and personal injury, including death resulting therefrom, and property damage, in the total amount of One Million Dollars (\$1,000,000).

B. Certification of Coverage. Upon written request by one party to the other party, such other party shall furnish the requesting party with a copy of a Certificate of Insurance or Self-Insurance indicating that the coverage required hereunder is in effect.

11. Utility or Drainage Repairs. If Grantor's installation, maintenance, repair or replacement of any private or public road or improvement, utility or drainage installation will materially adversely affect the use by the public of the Trail, Grantor agrees to give County, through its Department of Parks and Recreation Director or designee, 30 days written notice of said construction. Further, during any construction or improvement by Grantor, except in such cases where it is not economically feasible to do so, Grantor shall maintain the Trail open and accessible for use by the general public, in which event Grantor shall apply for an encroachment permit, which County shall not unreasonably deny and for which Grantor shall pay no fees. At the conclusion of any improvement or construction, Grantor shall return the Trail substantially to its condition preceding the construction or improvement.

12. Signs.

A. County Signs. County shall have the right to post County signs along the Easement Area in conformance with Parks Department standards for the protection of the health, safety and welfare of the public bike trail users and adjoining property owners, including the right to post signs for proper precaution in the event of emergencies. Examples of signs include, but are not limited to, mile markers, general Trail information, directional signs, precautionary alerts such as signs indicating the closing of the Trail in the event of flooding, and private property notices. All signs of County posted shall be in conformance with any and all signs ordinances of the County of San Luis Obispo, and shall be approved by the Department of Parks and Recreation Director or designee.

County hereby quitclaims to the applicable owner any rights granted in the Original Offer of Dedication, but only as to the Quitclaim Area described on Exhibits "C-1" and "C-3" and depicted on Exhibits "C-2" and "C-4," respectively. The applicable owner(s) of the Quitclaim Area are third party beneficiaries of this Paragraph 14.

15. Severability. The invalidity of any provision of the Agreement shall not affect the validity or enforceability of any other provision of this Agreement.
