

**EXHIBIT B - CONDITIONS OF APPROVAL  
DRC2014-00059 SCHOONBECK**

**Approved Development**

1. This Minor Use Permit/Coastal Development Permit authorizes the additions of a 354 square foot recreation room to an existing single family residence.
2. Maximum allowable height is 28 feet measured from the average natural grade.

**Conditions required to be completed at the time of application for construction permits**

3. **At the time of application for construction permits**, all project conditions shall be clearly printed on the plans and construction documents shall be consistent with the currently adopted California Codes.
4. **At the time of application for construction permits**, all plans and engineering drawings shall be prepared by a California Licensed Architect of Record or Engineer for all design portions of the project that do not meet "conventional construction" as defined by the current building code.

***Site Development***

5. **At the time of application for construction permits**, plans submitted shall show all development consistent with the approved site plan, floor plan, and architectural elevations.
6. **At the time of application for construction permits**, the applicant shall provide details on any proposed exterior lighting, if applicable. The details shall include the height, location, and intensity of all exterior lighting. All lighting fixtures shall be shielded so that neither the lamp nor the related reflector interior surface is visible from adjacent properties. Light hoods shall be dark colored.

***Fire Safety***

7. **At the time of application for construction permits**, all plans submitted to the Department of Planning and Building shall meet the fire and life safety requirements of the California Fire Code. Requirements shall include, but not be limited, to those outlined in the Fire Safety Plan, to be prepared at the time of application for construction permits by Cal Fire for this proposed project.

***Grading, Drainage, Sedimentation and Erosion Control***

8. **At the time of application for construction permits**, the applicant shall submit a complete drainage plan for review and approval, by the Public Works Department, in accordance with Section 23.05.040 through 23.05.050 of the Coastal Zone Land Use Ordinance. Drainage plans should be designed to retain water on-site and encourage infiltration when feasible.
9. **At the time of application for construction permits**, the applicant shall submit a complete erosion and sedimentation control plan for review and approval in accordance with 23.05.036.
10. **Prior to issuance of construction permits**, if grading is to occur between October 15 and April 15, a sedimentation and erosion control plan shall be submitted pursuant to Coastal Zone Land Use Ordinance Section 23.05.036.

**Fees**

11. **Prior to issuance of a construction permit**, the applicant shall pay all applicable school and public facilities fees.

**Conditions to be completed during project construction**

***Grading, Drainage, Sedimentation and Erosion Control***

12. **Prior to or concurrently with on-site grading activities**, permanent erosion control devices shall be installed.
13. All runoff from impervious surfaces such as roofs, driveways, walks, patios, decks, shall be collected and detained on-site, or passed on through an effective erosion control device or drainage system approved by the County Engineer.
14. Grading, filling or site disturbance of existing soil and vegetation shall be limited to the minimum areas necessary.
15. Stockpiles and other disturbed soils shall be protected from rain and erosion by plastic sheets or other covering.
16. All areas disturbed by grading activities shall be revegetated with temporary or permanent erosion control devices in place.
17. Appropriate sedimentation measures to be implemented at the end of each day's work.

***Archaeology***

18. **During construction**, in the event archaeological resources are unearthed or discovered, the following standards apply:
  - a. Construction activities shall cease and the Environmental Coordinator and Planning Department shall be notified so that the extent and location of discovered materials may be evaluated by a qualified archaeologist, and disposition of artifacts may be accomplished in accordance with state and federal law. The applicant shall implement the mitigation as required by the Environmental Coordinator.
  - b. In the event archaeological resources are found to include human remains, or in any other case where human remains are discovered during construction, the County Coroner is to be notified in addition to the Planning Department and Environmental Coordinator so that proper disposition may be accomplished.

**Conditions to be completed prior to occupancy or final building inspection /establishment of the use**

19. **Prior to occupancy or final inspection**, whichever occurs first, the applicant shall obtain final inspection and approval from Cal Fire of all required fire/life safety measures.
20. **Prior to occupancy of any structure associated with this approval**, the applicant shall contact the Department of Planning and Building to have the site inspected for compliance with the conditions of this approval.

**On-going conditions of approval (valid for the life of the project)**

21. In accordance with County Code Section 13.08, no activities associated with this permit shall be allowed to occur within the public right-of-way including, but not limited to, project signage, tree planting, and fences without a valid Encroachment Permit issued by the Department of Public Works.
22. This land use permit is valid for a period of 24 months from its effective date unless time extensions are granted pursuant to Land Use Ordinance Section 23.02.050 or the land use permit is considered vested. This land use permit is considered to be vested once a construction permit has been issued and substantial site work has been completed. Substantial site work is defined by Land Use Ordinance Section 23.02.042 as site work progressed beyond grading and completion of structural foundations; and construction is occurring above grade.
