Subject: Templeton Behavioral Health Facility

Dear Supervisor Arnold,

I am writing you this email in regards to the proposed behavioral health facility. I believe this is a very important facility to go up as we do not have the resources or facilities to treat any sort of mental illness. Mental illness many times goes untreated resulting in harm to ones self and others. Most of these families are not able to travel great distances to reach mental health care. Our community needs this facility and in my opinion does not pose any threats to the surrounding neighborhood. There are greater threats if mental illness is not treated. I am a registered nurse and have often seen many cases of untreated mental illness take a turn for the worse. I encourage you to support the construction of this facility.

Respectfully,
Vicky Winslow

Thanks, Vicky
