**Subject:** Request that item #3 on next Tuesday's consent agenda be removed and placed on the regular agenda in an upcoming meeting

Dear Board of Supervisors,

I have been alerted that item #3 on next Tuesday's consent agenda involves moving the evacuation center from Santa Maria High School to the New Tech High School in Nipomo in case of a release of radiation at Diablo Canyon.

Item No. 3  
Meeting Date: August 9, 2016  
Presented by: Milton Carrigan  
Rec'd prior to meeting & posted to web on: August 5, 2016

Should prevailing winds be blowing in their usual pattern, there is a strong likelihood that New Tech High School would be in the direct plume of radiation. Santa Maria is too close; Nipomo is unacceptably close.

I believe that this is an item that needs public input. I urge you to remove this item from the consent agenda and place in on the regular agenda in an upcoming meeting. **Community members need time to study the issue and prepare remarks.**

Sincerely,

Milton Carrigan

San Luis Obispo, CA 93401

**Subject:** Item #3 on consent agenda

Dear Board of Supervisors,

I have been alerted that item #3 on next Tuesday's consent agenda involves moving the evacuation center from Santa Maria High School to the New Tech High School in Nipomo in case of a release of radiation at Diablo Canyon. I teach 4th grade at Oceano School. The evacuation plan is already a piece of fiction; this action makes it even more ridiculous.

Should prevailing winds be blowing in their usual pattern, there is a strong likelihood that New Tech High School would be in the direct plume of radiation. Santa Maria is too close; Nipomo is unacceptably close. (This assumes that we could even reach the evacuation center in a timely fashion.)

I believe that this is an item that needs public input. I urge you to remove this item from the consent agenda and place in on the regular agenda in an upcoming meeting. Community members need time to study the issue and prepare remarks.
