Subject: Diablo Canyon Conservation

Supervisors,

I want to add my voice to the many that are in support of any and all efforts to conserve the 12,000 acres surrounding the plant. The proposed closure represents an unprecedented opportunity to conserve this very special coastal California property and an opportunity that will likely never occur again). Your action to support conservation of the Diablo Canyon property will likely be one of the most important issues of your tenure and a legacy for your public service.

Thank you for your important work,

Brian Starr
