Dear SLO Board of Supervisors: This is in reference to Item 23 on your agenda for August 23, 2016

I read in the SM Times that Sheriff Parkinson stated that there was a big marijuana problem in Suey Creek and California Valley. I have written to you before concerning the pot growers in the Suey Creek area, but my understanding is that when it is not in your backyard, you could care less. Sheriff Parkinson in that article stated that there is a law already as to how many plants one is able to grow for medical marijuana, but you Supervisors choose to put blinders on concerning the law. We are five known growers, of the five three are in the north end of the old Mankins ranch. These three all paid cash for their 40 acre parcels, but I recently learned from a neighbor that even though each parcel is owned individually, a man named Bobby owns all three. It's a big operation! In June, I don't know if you were aware that we had a six acre fire in Suey Creek started by a generator on an illegal pot growing on an out of area owner. I am totally against pot growing of any kind in the area and you Supervisors need to adhere to the laws on the books!
