

HOW MUCH WILL IT COST TO PROCESS MY RESIDENTIAL CONSTRUCTION PERMIT?

The fees for construction permits are set by the county fee ordinance each year. They are based on the cost of processing your application. Fees vary depending on the size and type of construction proposed. This brochure will give you a general estimate of costs for typical single family residences that do not need special planning, coastal, flood hazard, or other reviews. If you wish a more accurate estimate, or fees for other project types, please call the Dept. of Planning and Building at (805) 781-5600 and ask for a Land Use Technician.
