Subject: California Valley

Dear Supervisor – Please allow commerce as usual in California Valley. This is the first time in a long time that we have people interested in making something out of the valley and its small lots. This could be a developing and thriving community if allowed. Please do not squash development, not all prospective new owners will be growing pot. Many are interested in developing a long term infrastructure.

Thank you, L.T. Guttadauro – land owner & tax payer
