County of San Luis Obispo

TO: Board of Supervisors

FROM: Public Works
Ryan Chapman, Traffic Engineer

VIA: Frank Honeycutt, Transportation Division Manager

DATE: 2/7/2012

SUBJECT: Submittal of a resolution amending the Traffic Regulation Code to establish one-way roads on North and South Third Streets, Cayucos.

RECOMMENDATION

It is our recommendation that your Honorable Board adopt the attached resolution amending the County's Traffic Regulation Code pertaining to one-way highways.

DISCUSSION

The Department of Public Works received a request from the Cayucos Citizen's Advisory Council to look at making Third Street, a one-way couplet, and place angled parking on the park side on the roadways. The initial concern stemmed from the desire to eliminate long-term nuisance parking near the park.

While investigating the location, staff found that the proposal would reduce the potential of a vehicle conflict at the intersections of Third Street with Ocean and Pacific Avenues, and that the majority of traffic currently treated the roads as if they were one-way. Staff also discovered that the number of parking spaces could be increased along Third Street.

Staff also evaluated other options. The roadway width was too narrow to place angled parking on the southern part of South Third Street. Placing parking on the north part of North Third Street would interfere with the parking in front of the Sea Shanty restaurant. Therefore, placing angled parking at these locations would negatively affect the adjacent properties and is not recommended.

A survey was also distributed to the businesses, residents, and property owners along Third Streets; and approximately 66% of the returned surveys indicated support for the proposed changes. The proposal and the survey results were evaluated by the Cayucos Citizen's Advisory Council and is supported.

Staff recommends that the roads be made one-way. An additional item on the Consent Agenda would establish angled parking where there is sufficient road width to support it.

OTHER AGENCY INVOLVEMENT/IMPACT

The California Highway Patrol and the Sheriff's Department enforce the Vehicle Code on County Roads. Cayucos Fire Department does not object. The Cayucos Citizen's Advisory Council has reviewed the proposals and supports the changes.

FINANCIAL CONSIDERATIONS

Posting signs and marking will cost approximately \$1,200. This is within the Road Fund's budgeted amount for this activity.

RESULTS

Adoption of this resolution will enhance County road safety and operations by assuring traffic flow and increase parking, thus improving community livability.
