Susan A Cochrane

To Whom It May Concern:

I, Susan A Cochrane, am applying for a position on the Board of Directors for the Resource Conservation District. I feel I am very qualified. My family has ranched in the Carrisa Plains area since the 1850's. I have been involved in the ranching operation since I could stay in the saddle. Since the year 2000 I have been very financially involved. We have completed a project with the NRCS and feel they can help the stewarts of the land become sustainable. The conservation of the land, water, vegetation, and wildlife are my passions!

Education

Carrisa Plains Elementary School
