Whitney - Santa Margarita Area Advisory Council (handout), Mr. Josh Friedman and Ms. Sue Schimandle: speak.

On motion of Supervisor Frank Mecham, seconded by Supervisor Bruce S. Gibson, the Board unanimously agrees to continue the meeting past 5 P.M.

The Board replaces Finding A to read as follows: "A. This project is covered by a categorical exemption under Section 15308 of the CEQA Guidelines (Class 8 exemption), as it is an action taken to assure the maintenance, restoration, or enhancement of the environment. Therefore, the activity is categorically exempt from CEQA. There is no potential for any impacts to occur to the environment due to this ordinance. The restriction on new lot creation does not affect development of existing parcels; it effects

only the creation of new parcels. Based on planning staff's experience, pent-up demand for subdivisions in one area of the county does not seem to result in additional subdivisions in other areas of the county. There is another reason for this; a land owner may only subdivide lands they own. If subdivision is not possible due to lot size, zoning restrictions or perhaps water issues, an individual does not subdivide land they do not own in another area of the county. Furthermore, lost subdivision opportunities are not analogous to lost development opportunities. Development of new non-discretionary use such as a single family residence is still allowed under current and proposed rules. Also, there is a large supply of vacant parcels (approximately 1500) in the rural area of the groundwater basin that can be developed without further subdivision. That represents more than a 20-year supply of lots at projected growth rates. No potential development is displaced as a result of this subdivision restriction due to the oversupply of vacant parcels in the rural portion of the groundwater basin. Therefore, it can be seen with certainty that there is no possibility that this ordinance may have a significant effect on the environment." Furthermore, the Board, based on the findings in Exhibit A, waives the reading of the proposed ordinance and said proposed ordinance is read by title only and ORDINANCE NO. 3231, an ordinance amending Article 9 of Title 22 of the San Luis Obispo County Code, the Land Use Ordinance, by adding Sections 22.92.020d, 22.94.020e, 22.98.030e, 22.100.020b, 22.102.020d, 22.104.020i, 22.110.030e, and 22.110.060a relating to Water Conservation in the Paso Robles Groundwater Basin, adopted.
