1. Act on the attached resolution to accept the relinquishment of vehicular ingress and egress along El Campo and Los Berros Roads;

2. Act on the attached resolution to accept the offer of dedication for the additional widening of Sevada Lane;

DISCUSSION

The above-listed map has satisfied all the conditions of approval that were established in the public hearing on the tentative map. The tentative map was processed by the County Planning Department with input from County Fire, County Public Works, County Environmental Health, the Agriculture Commissioner, APCD as well as the City of Arroyo Grande.
At a public hearing, the Planning Commission granted tentative approval to the proposed tract map subdivision. All proposed real property divisions are subject to a number of conditions of approval. The project owner has satisfied all conditions.

The Real Property Division Ordinance (Title 21 of the San Luis Obispo County Code) requires that when the conditions of approval have been met, and when an adequate final map that is substantially in conformance with the design of the tentative map has been submitted to the County Surveyor, the County Surveyor will transmit the map with his approval and certification to the County Clerk awaiting your Board's approval to record the map. Section 21.06.050 of the County Code requires your Board to approve the map if it is determined to be in conformity with the Real Property Division Ordinance and the Subdivision Map Act. Your board must also act to accept or reject any offers of dedication. The specific actions for this subdivision map are listed in the above recommendations.

OTHER AGENCY INVOLVEMENT/IMPACT

The Clerk is to hold the map until your Board approves it. The Clerk also certifies the Board's approval, arranges receipt of the recording fee and after the signatures and seals have been affixed, transmits the map to the County Recorder. The County Recorder certifies and files the map and resolutions of acceptance as prescribed by the Subdivision Map Act.

FINANCIAL CONSIDERATIONS

All costs for processing, examination and certification of the subdivision map by the County Surveyor are paid by the applicant. There are no other costs associated with this action.

RESULTS

Approval of the recommended action will allow the subdivision map to be filed in the office of the County Recorder.
