COUNTY OF SAN LUIS OBISPO

TO: Board of Supervisors

FROM: Public Works
Michael Britton, Traffic Operations Supervisor

VIA: Joshua Roberts, Transportation Division Manager

DATE: 4/23/2019

SUBJECT: Hearing to consider a resolution to amend the Traffic Regulations Code to restrict a midblock crosswalk on Centre Street, Shandon. District 1.

RECOMMENDATION

It is recommended that the Board conduct a hearing regarding the restriction of a midblock crosswalk on Centre Street in Shandon, and adopt the attached Resolution, amending the Traffic Regulations Code and direct the removal of the crosswalk, as noticed on March 12, 2019.

DISCUSSION

A midblock crosswalk on Centre Street previously served pedestrian crossings from Shandon High School to the Shandon Community Park, for their physical education classes. An all-way stop intersection has been established at Centre Street and First Street. Safe pedestrian travel between the school and the park will be routed through this intersection.

Staff recommends the removal of the midblock crosswalk markings and signs at this location.

The California Vehicle Code requires that prior to the removal of a crosswalk, a public hearing is held. The Clerk-Recorder's office has published an official notice of the action to remove. Public Works posted notices on the crosswalk 30 days prior to the hearing.

OTHER AGENCY INVOLVEMENT/IMPACT

The California Highway Patrol will provide enforcement. The Shandon School District was involved in the discussion for cross walk removal and concurs with the decision. The Shandon Advisory Council supported this action at their August 1, 2018 meeting.

FINANCIAL CONSIDERATIONS

Removal of the crosswalks and additional signage will be installed by County staff and is estimated to cost \$2,500. Funding will be through the Roads Budget, which has sufficient funding for safety improvements such as this.

RESULTS

This will enhance community livability and safety, which is a community wide objective of staff and the Board.
