## COUNTY OF SAN LUIS OBISPO

TO: Board of Supervisors

FROM: Public Works  
Steve Jones, Project Manager

VIA: Jeff Werst, Design Division Manager

DATE: 4/23/2019

SUBJECT: Request to approve the 2018-19 Asphalt Overlay, Various North County Roads, San Luis Obispo County project and advertisement for construction bids; and find the project exempt from Section 21000 et seq. of the California Public Resources Code (CEQA). Bid opening date set for Thursday, May 23, 2019. Districts 1 and 5.

### **RECOMMENDATION**

In accordance with applicable State Law, it is our recommendation that the Board:

1. Approve the project and find the project exempt from Section 21000 et seq. of the California Public Resources Code (CEQA) (Contract No. 300613); and
2. Authorize the contract to be advertised for construction bids, with a recommended bid opening date of Thursday, May 23, 2019 and direct the Clerk of the Board to advertise a minimum of 21 calendar days before bid opening, no later than Thursday, May 2, 2019; and
3. Authorize the Director of Public Works, and his designees, to extend the bid opening date to a date deemed more appropriate by the Director, and his designee, so long as any such extension is in compliance with all applicable laws.

### **DISCUSSION**

This asphalt concrete overlay contract is part of the Department of Public Works' Annual Pavement Management Program. The proposed project provides an asphalt overlay of existing roads to extend the service life of the pavement, provide improved wearing surface for motorist and cyclists, and to reduce time spent by the road crews on pavement patching and repair. The work will halt further deterioration of these paved roads and improve safety and operation.

This contract provides for pavement overlay through the North County in the:

- Paso Robles Area: Estrella Road, Ranchita Canyon Road, Geneseo Road, Linne Road, North River Road, Gahan Place, and Arbor Road; and
- Templeton Area: Allen Court, Blackburn Street, Rolfe Lane, Grapevine Way, Wine Country Place, Las Tablas Road, and Rainbow Court.

The project will place new asphalt, with no expansion of the currently paved area, for a total length of approximately 17.5 miles. These roads were confirmed for overlay through the County's Pavement Management Program and on-site inspection.

### **OTHER AGENCY INVOLVEMENT/IMPACT**

Area utility companies have been alerted of our construction schedule and advised to proceed with any subsurface work prior to our paving project. Various utility valve lids and vaults will be adjusted to the newly constructed road. These are obligations of the utility providers.

County Counsel has approved the contract as to legal form and effect. The County Clerk formally processes the bid openings.

The County Environmental Coordinator has reviewed the project and determined that it is exempt from the requirements of the California Environmental Quality Act.

### **FINANCIAL CONSIDERATIONS**

This is a Pavement Management Project budgeted in the Road Fund – WBS 300613. The total project costs are estimated at \$6,634,548. Funding for the Project will come from the Road Fund Pavement Management Program and State Aid - Senate Bill 1, Road Maintenance and Repair Account (SB1 RMRA).

At the time of award, when actual project costs are known, we will return to the Board with a budget adjustment to reconcile any funding shortfall.

Please see Exhibit "A" for an estimated cost breakdown of the project.

### **RESULTS**

Approval of the recommended action will result in this Project being advertised for construction bids. The asphalt overlay construction will lead to meeting the performance-based budget objectives of maintaining a minimum, system wide Pavement Condition Index of 65 and provide a safer and livable community.
