Dear Supervisor Hill & Nicole!

I would be remiss if I did not wish you both a Happy New Year! I look forward to **2020** being a great year, full of opportunities and victories (and, of course, our health to see it all through!!).

I note with great interest that the County is embarking on the initial phases of pursuing the Johnson Ave Campus masterplan. I've reached out to Mr. Ruiz in Public Works to obtain a copy of said plan. Having provided pro bono services to the Child Development Resource Center (CDRC) to permit, locate, and provide a bit of construction management, too (I spent a good part of a Saturday with the crane operator unloading the units on the site!), I have been notified that your masterplan vision does not include retention of or a new facility for the CDRC. That is extremely unfortunate.

My philanthropic focus tends toward children in our community, so I am deeply saddened about the circumstances that will displace this important service. Is there an opportunity to rethink the campus masterplan or there alternatives that could be explored to continue to support the CDRC?

As always, thanks for listening, as I am hopeful that my comments/concerns will resonate with you. I greatly appreciate the consideration.

Yours respectfully,
C.M.Florence, AICP
Principal Planner

Message: I am writing you on behalf of the Child Development Resource Center and supporting the valuable service they provide to 'at risk' young children in our community. This Center and its services meet the needs of a vulnerable part of our community - children in the foster care system, children of the homeless or those in our shelters for various reasons – and provides these services at low to no cost. The children attending are all eligible for subsidy of some kind and this aids in meeting the increased need of care for all families in our county. Not only does the Center provide quality care, they provide play therapy to help the children living in and with the situations that put them at risk. This facility has provided this valuable service for over 20 years reaching from Nipomo to Paso Robles and all area in between. I support the need for it to continue in San Luis Obispo. Jamie Sanbonmatsu Director Valley View Children's Center Arroyo Grande
